

Township 10 South, Range 41 East Will Mer Or

August 10th 1871
 The drainage is variable for game is
 porous, being high, nothing is built
 up and covered with bunch grass.
 It is well watered by alkali and salt
 ten creeks. There are two settlements
 one on N. E. of Sec 25 in this town
 1 E. 4 of T. 25 N. R. 31 E.
