PARTITION PLAT NO. P2003-003
SURVEYOR'S CERTIFICATE P2002-003

BASIS OF BEARING
Ba. Co. Surv. No. 9-40-68.
South line of the SW 1/4 bears
N. 89° 07' 11" E.

SCALE: 1" = 100'

I, Thomas J. Hanley, certify that I have correctly surveyed and platted two parcels of land on this partition plat in accordance with O.R.S. Chapter 92. The boundary of the partition is as follows:
Land located in the Northeast quarter of the Southeast quarter of the Southwest quarter of Section 9, Township 9 South, Range 40 East, Willamette Meridian, Baker City, Oregon, more particularly described as follows:
Commencing at the Northeast corner of the said Northeast quarter of the Southeast quarter of the Southwest quarter; thence along the North line of the said Northeast quarter of the Southeast quarter of the Southwest quarter, S., 88° 39' 47" W., 50.15 feet, to intersect the West right of way of Cedar Street; thence along said right of way, S. 2° 06' 00" E., 28.01 feet, to the true point of beginning; thence continuing along said right of way, S. 2° 06' 00" E., 179.88 feet, to intersect an existing fence line; thence along said fence line, N. 89° 46' 02" W., 150.64 feet; thence parallel to the East line of the said Northeast quarter of the Southeast quarter of the Southwest quarter, S. 2° 20' 39" E., 148.51 feet; thence parallel and 24 feet South of the North line of the South half of the said Northeast quarter of the Southeast quarter of the Southwest quarter, S. 88° 46' 37" W., 455.89 feet, to intersect the West line of the said Northeast quarter of the Southeast quarter of the Southwest quarter; thence along said West line, N. 2° 30' 55" W., 331.36 feet, to intersect an existing fence line; thence along said fence line, N. 88° 54' 27" E., 211.91 feet; thence continuing along said fence line N. 89° 41' 12" E., 396.44 feet, to the true point of beginning.

NARRATIVE

The purpose of this survey and plat for Joaquin G. Stephens is to partition the above described land into two parcels. Controlling monumentation consists of the found South quarter corner and the Southwest corner of Section 9. Baker County Survey No. 9-40-68 provided the Section 9 subdivisional breakdown. Cedar Street right of way was established through ties to Sunrise Place Subdivision monumentation and the P-K Nail marking the P.I. location at highway centerline Sta. 33+00. The Northeast corner of Cedar Street and "H" Street was established 0.94 feet from the South quarter corner of Section 9 per Baker County Survey No. 9-40-66BC. This Partition's North and South boundary lines closely follow existing fences. The original deeded property lines follow section subdivisional lines. This difference was caused by incorrect positioning of the Northeast corner of the Southeast quarter of the Southwest quarter by two surveys dated 5-4-56 by E.M., and a survey dated March 21, 1955 by Philo Anderson. City Survey of 1970 established the true location of the aliquot parts of Section 9. Property lines were adjusted with various adjacent property owners to correct these problems and make the property lines more closely follow the existing fence lines. Deed reference numbers for these transactions are listed under references.
