- Easement line
- Interior Section lines

## Easement Notes

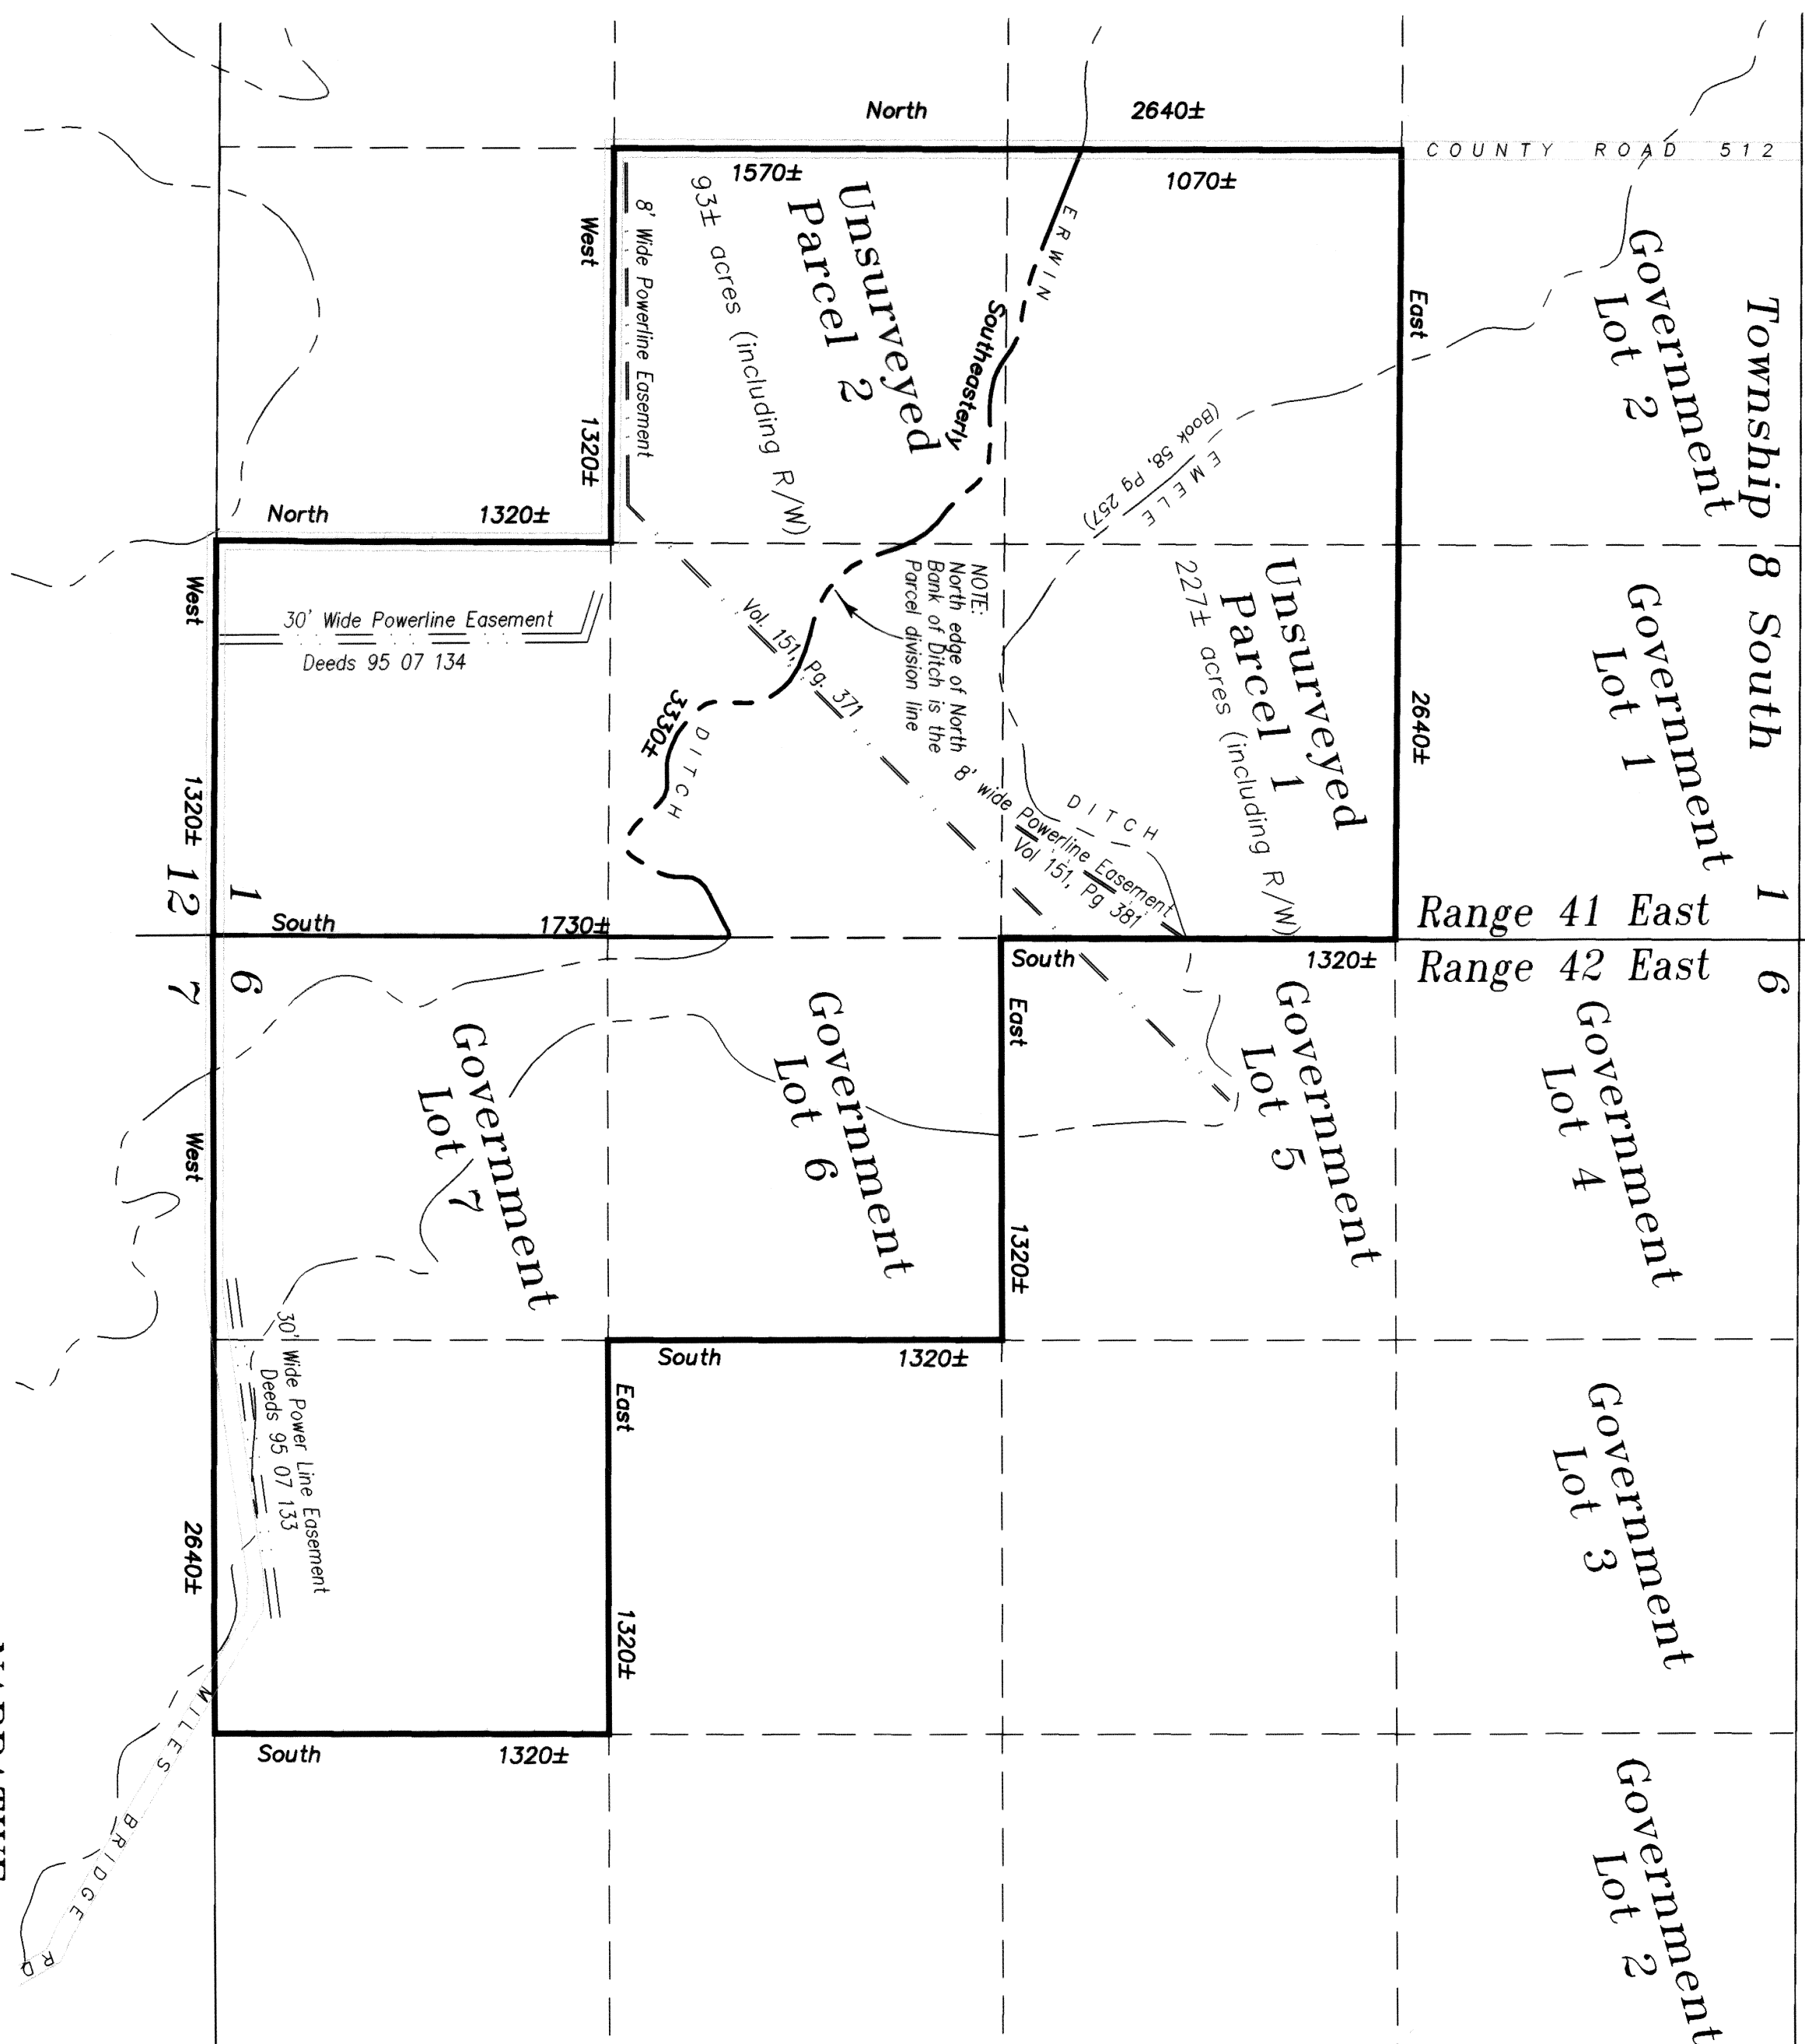

- The following easements are listed in the stated survey report, but cannot be located accurately without benefit of survey. Locations shown are at record deed position.
1. Ditch easement of the Emele Ditch & Water Co., described in Deed Book 58, Page 257.
  2. Power line easement, granted to California-Pacific Utilities in Deed Book 151, Page 371, shown at approximate described location.
  3. Power line easement granted to California-Pacific Utilities in Deed Book 151, Pg 381, shown at approximate described location.
  4. Power line easement granted to Oregon Trail Electric Consumers Cooperative, in Deeds 95 07 133, shown at described position.
  5. Power line easement granted to Oregon Trail Electric Consumers Cooperative, in Deeds 95 07 134, shown at described position.

## DITCH EASEMENT

Easement is conveyed to those with a legal water right for irrigation beyond the boundary of said parcel fed by any existing improved ditch. To those persons is granted a perpetual, non-exclusive easement for it and its laterals, feeders and sub-ditches, headgates and other appurtenances to operate, use, maintain, etc., restore and repair, with heavy equipment when needed, the existing ditch in the same manner as same presently exists upon, over and across the property as shown on the annexed minor partition plat. The total width shall equal the bank to bank ditch width, plus 15 feet beyond the bank on each side of the ditch. Reasonable access to the easement will be granted at location designated by the property owner, unless other reasonable access is available.

## NARRATIVE

This partition was done at the request of John Morrissey. This is an UNSURVEYED Partition. Bearings and distances are shown as 5280 ft. per section in a cardinal direction. I placed the dividing line within Range 41 East of Erwin Ditch and used the Range line between Ranges 41 and 42 East as the parcel line along the East line of Parcel 2.
