Narrative

This survey was performed at the request of Leo Jacobs. The purpose of this survey was to partition this property into three parcels.

A search was made of the available records pertaining to this survey. I recovered several iron pins from Survey No. 12-37-3 which I accept. I also found and accept the aluminum pipe monuments at the NW corner of Section 17 and at the witness corner to the N1/4 corner of Section 17. I used the deed record bearings and distances for the boundary of this partition. The location of the new division lines between these parcels is approved by Mr. Jacobs.

THIS PARTITION IS SUBJECT TO THE FOLLOWING EASEMENTS:

- 1) A private pole line easement, 10 feet wide, granted to Idaho Power Company, a corporation, including the terms and provisions thereof, recorded in deed 81-44-084, deeds of Baker County, Oregon.
- 2) A private access easement, 29.37 feet wide, recorded in deed 93-42-083, deeds of Baker County, Oregon.

Note:
There are no water rights appurtenant to this property.
