Parcels shown hereon are based on currently constructed road but actual line may differ upon performing a full survey.

Preliminary Title Report 279259AM, prepared by Amerititle, dated February 6, 2019

NARRATIVE

This partition was done at the request of Joel Wendt, owner of the land within. Mr. Wendt wanted to divide the property as shown. This partition is UNSURVEYED. No attempt was made to resolve exterior boundaries. No monuments were set in the course of this partition. The intent is to divide the property on an existing fence line up until the final two courses at the North end of the dividing line. For acreage purposes, I calculate the 80± acres based on area contained within the fences, though since there was no survey performed, there was no conclusive boundary resolution on the East side of this tract. Tax map show a bend in Maxwell Lane at the Southwest corner. The constructed road does not reflect this, though fences indicate that one may have previously existed. I base this plat off a preliminary title report which does not indicate that there is any exception to title South of Maxwell Lane. Acreage of the total parcel is taken from tax assessment maps. I find no other unusual conditions with this partition.
