NARRATIVE

The purpose of this replat for EVCR, LLC is to replat the above described land into two parcels. Baker County Survey No. 9-40-139BC previously surveyed the subject Block 3. Sufficient measurements were made this survey to confirm the proper building locations. The location of the dividing wall between the two buildings is shown as the boundary between Parcel 1 and Parcel 2 on this replat. No monuments were set at parcel corners this survey due to building occupation of corner positions. The building corners are basically right on the parcel corners.
