

PARTITION PLAT NO. P2001-004
SURVEYOR'S CERTIFICATE

NARRATIVE

The purpose of this survey and plat for the Amanda A. Steele Fund and the Haines Stampede & Rodeo Association, Inc., an Oregon Corporation, is to partition the above described land into three parcels. Baker County Deed 00 24 0202 provided the property descriptions for the subject property.

DITCH EASEMENT

Easement is conveyed to those with a legal water right for irrigation beyond the boundary of said parcel fed by any existing improved ditch. To those persons, is granted a perpetual, nonexclusive easement for it and its laterals, feeders and subditches, headgates and other appurtenances to operate, use, maintain, etc., restore and repair, (with heavy equipment when needed) the existing ditch in the same manner as same presently exists upon, over and across the property as shown on the annexed minor partition plat. The total width shall equal the bank to bank ditch width, plus 15 feet beyond the bank on each side of the ditch and shall include a reasonable work area surrounding all headgates to allow for persons, vehicles and heavy equipment to use and maintain said headgates. Reasonable vehicular access to the easement will be granted at location designated by the property owner, unless other reasonable access is available. No non-irrigation related structures shall be erected in said easement or within a 10 feet wide buffer zone of said easement.
