I accept the position of the found monument for the corner.

Painted a 6 inch red band around each bearing tree, and also painted the blazes red. Attached USFS 54-3 and 54-9 signs to BT's. Used a magnetic compass with 14° East declination to measure bearings to accessories. Used an EDM device to measure distances to new bearing trees, measuring to a 60d nail driven in the side-center-right at the root crown of the tree, with an attached 1½" aluminum washer stamped PLS 69454.
