NARRATIVE

This survey for Janet Shepardson is for purpose of marking the corners of Lot 9, Block 4, Heilners Addition. Controlling monumentation was recovered as shown hereon. A record marked manhole rim at 7th and Washington appears to have been rotated and is no longer a reference to that intersection point. Monumentation at Seventh St. and Broadway and Washington at Sixth St. establishes the centerline projections of Seventh St. and Washington St. for the purposes of this survey.
