NARRATIVE

The purpose of this partition and property line adjustment for Blurock Concrete Products Inc. is to partition the property into three parcels as shown hereon. The East side of the subject partition is bounded by State of Oregon stockpile site, described in Deed 93-42-106, filed October 19, 1993. The site is an addition to an adjoining parcel, previously deeded to State of Oregon and described in Book 125, Page 418, Baker County Deeds. The basis for both descriptions is referenced to the Baker-Homestead Highway Engineer's Centerline Station 113+00, and further tied to the East quarter corner of Section 10, T. 9S., R. 40E., W.M. This station was determined by traversing the record map Drawing 68-6-15 through the found monumentation for Stations PT 12+78.4, PI 33+00 and PI 59+52.6. The given ties in descriptions to the East quarter corner of Section 10 are compatible with the corners shown found. The Best Frontage Road, Surveys No. 9-40-234, 9-40-8, 9-40-35 and 9-40-315MP are of adjoining or nearly property, the bearings based on City Survey of 1970 and Baker Co. Sur. No. 9-40-234, which are held for this subject survey. Parcels No. 2 and 3 were not surveyed as a part of this partition.
