

SUBDIVISION OF SECTION 5 & 6,  
T.10S., R.38E., W.M.  
BAKER COUNTY OREGON

FOR: U.S.D.A. Wallowa Whitman National Forest  
BY: Douglas M. Ferguson, Ken Delano & D. Mitchell Ferguson  
DRAWN BY: Mollie Ferguson Wood & Amber Ferguson

PORTION BRIDGE CADASTRAL SURVEY

MONUMENTATION

See standard U.S.F.S. "INDEX NO." in the circle below and on the corresponding circle on the map right. Refer to "CERTIFIED RECORD OF LAND CORNER MONUMENTATION" forms, as referred to in this map of survey and filed in the office of the Baker County Surveyor. These forms give complete detail as to the HISTORY, both recorded and unrecorded, pertaining to those corners as well as complete information as to the evidence found, the method of establishment, description of monuments set and accessories established. Monumentation basically consists of the following: Monuments as shown in the LEGEND are stamped as shown below. Bearing Trees or other accessories as shown below, with Bearing Tree signs nailed above the blaze. Warning Signs nailed on the back, brass washers stamped PLS 848 nailed on the blaze above the BT scribing and painted a 6" red band around each tree. Set steel posts with warning and/or boundary signs on the property line, each way from property corners and within 5ft. in a cardinal direction from controlling corners.

BASIS OF BEARING

SOLAR OBSERVATION, WITH TRUE MERIDIAN ALONG LINES BETWEEN SEC. 6&5. MAGNETIC COMPASS IS RELIABLE IN THIS AREA & MAY BE USED TO EVALUATE BEARING TREES AS SHOWN IN THIS SURVEY.

NOTE: Mag. Dec. 18 1/2° E Should Be Used

- LEGEND**
- Set 2 1/2"x30" aluminum pipe with 3/8" aluminum cap stamped as shown in the "MONUMENTATION" left.
  - Found monument of record. See "HISTORY" & notes on map at each corner.
  - ( ) Record Bearing or Distance as reported by William R. Graden, in the original survey of the subdivision of this T.10S., R.38E.
  - (\*) Record Bearing or Distance as reported by Eugene P. McCormack in the original survey of the Township Extorials.
  - [ ] Record Bearing or Distance as reported on Baker County Survey no. 10-38-10.
  - <> Parenthetical Distance
  - ////// Marked forest boundary by steel post with boundary signs at max. intervals of 250'.
  - - - - - Fence line

NARRATIVE

This survey is performed under contract for the Wallowa Whitman National Forest, the purpose of which is the establishment and marking of the Forest Boundary as shown on this map.

In order to perform the required Survey, the exterior lines of this Section 5 & 6 are retraced. Monuments of record, from survey work as outlined above are found at the NW Twp. Cor., Cor. 31/32/5/6, corner 5/6/7/8, E/1/6 S6/S7, 1/4 S6/S7, W/1/6 S6/S7, corner 1/6/7/12, 1/4 S1/S6, 1/4 S32/S5, Cor. 32/33/4/5 and 1/4 S31/S6, 1/4 S6/S5, and 1/4 S5/S8, resulting in the recovery of an original Bearing Tree at the 1/4 S5/S8 and the determination that the 1/4 S31/S6 and 1/4 S6/S5 are lost. Those lost corners are then re-established at proportionate measure as shown. The sections are then subdivided as required for lotted sections, defining the pertinent boundaries and depicting the Government Lots. The NW 1/4 of the SW 1/4 of Section 5 is delineated and the required corners set at the request of the owner, Vance Dix and made a part of this survey.

The "CERTIFIED RECORD OF LAND CORNER MONUMENTATION" forms as referred to in this Map and the notes shown on the Map should be considered a substantial part of this "NARRATIVE", as they contain the detailed information as to the evaluation of evidence and monumentation work performed.

Positional control for this survey is provided by a closed traverse network, LIET2 SDM 3E, Electronic tachometer is used to obtain the measurements and HP-86B computer system is used to perform the computations. Field Notes and computations are on file in the office of "FERGUSON SURVEYING & ENGINEERING" Mt. Vernon, Oregon.

I, Douglas M. Ferguson, Registered Professional Land Surveyor, in the State of Oregon, hereby certify that this plan, notes and records hereon or referenced are a correct representation of the survey I performed during June & July, 1993, for the U.S. Forest Service in accordance with the statutes of the State of Oregon and the articles of my Contract, No. 53-04M3-8-03310.

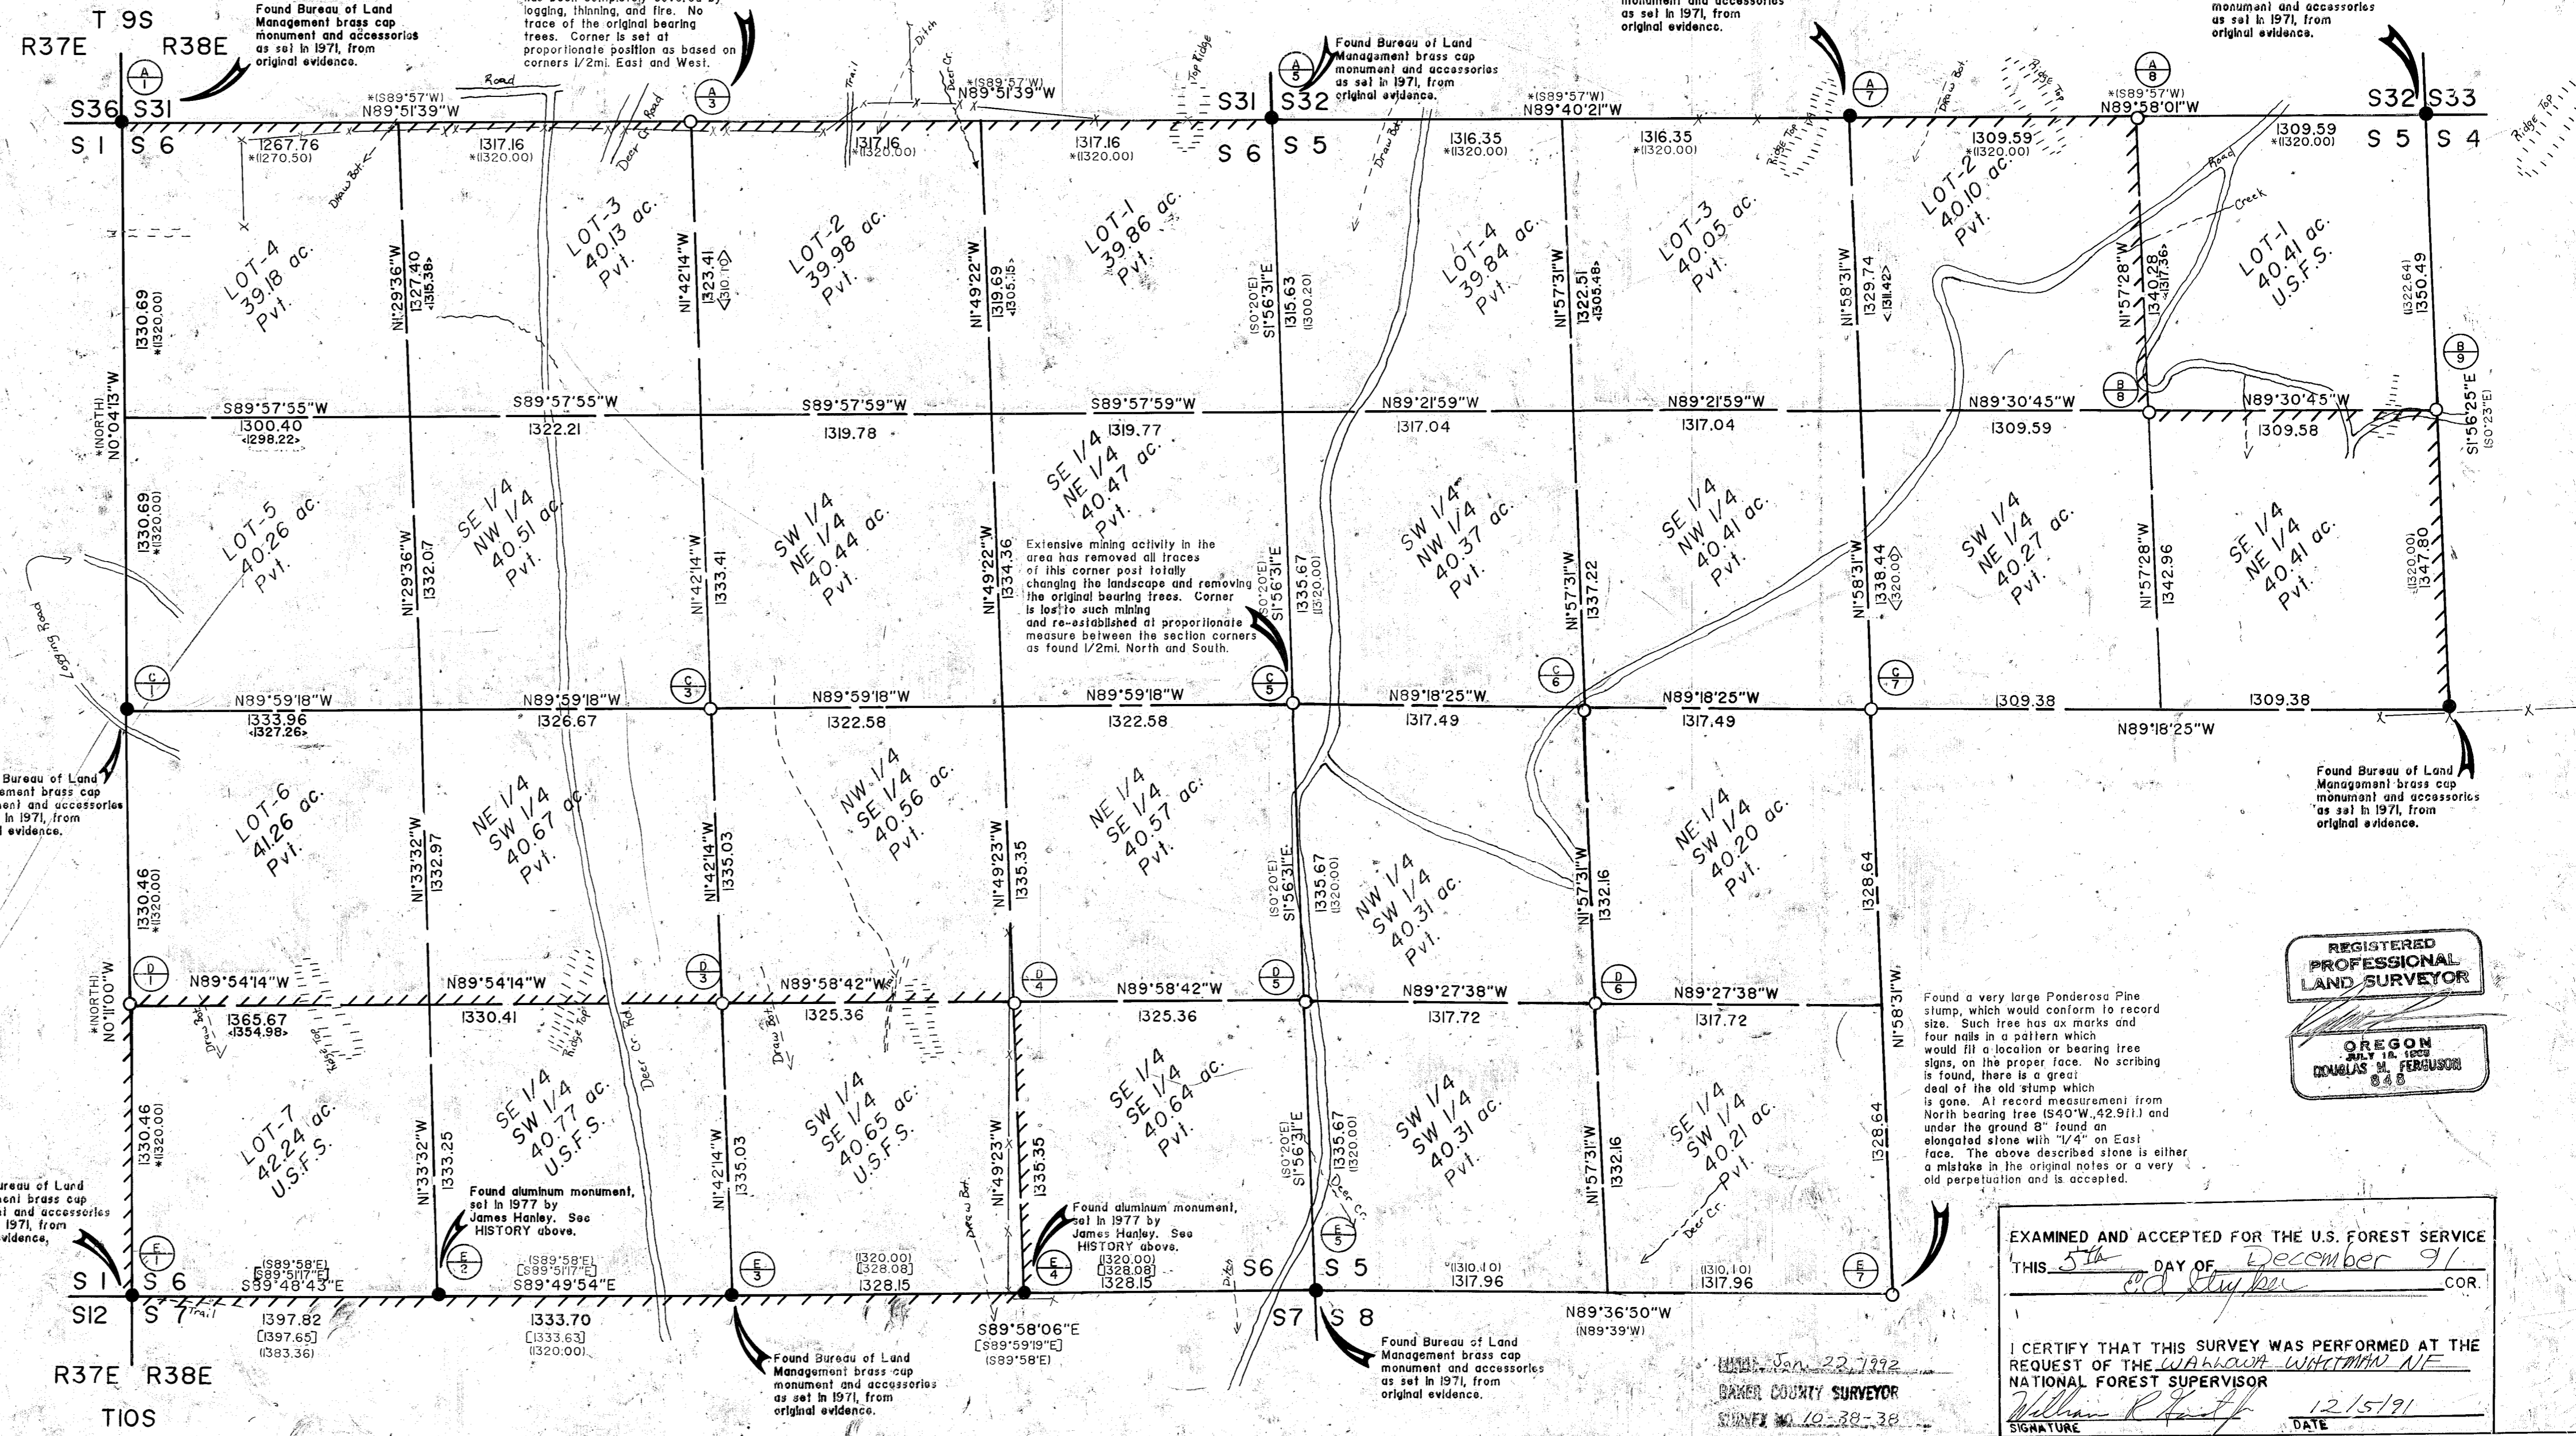

Douglas M. Ferguson, OR. PLS 848  
Pres. Ferguson Surveying & Engineering.

CORNER MAINTENANCE

See standard U.S.F.S. "INDEX NO." in the circle below and on the corresponding circle on the map right. Refer to "CERTIFIED RECORD OF LAND CORNER MONUMENTATION" forms, as referred to in this map of survey and filed in the office of the Baker County Surveyor. These forms give complete detail as to the HISTORY, both recorded and unrecorded, pertaining to those corners. The caps are stamped as shown below, new accessories as required are shown below. Painted a 6" red band of brass/light ground all Bearing Trees, including "New". Attached Warning and Bearing Tree signs as required. Set steel posts with warning and/or boundary signs on the property line, each way from property corners and within 5ft. in a cardinal direction from controlling corners. Any other work as required is noted below.
