NARRATIVE: This survey was performed at the request of Pat Browning, acting in behalf of Browning Logging, Inc.. The purpose of this survey was to change the configuration of Tract I and Tract 2, as shown on Record Map of Survey No. 13-37-15, filed in the office of the Baker County Surveyor. I performed that survey in Sept. 1988.

Field measurements were made to locate existing monuments. New monuments were set at locations designated by Mr. Browning.

I found no unusual conditions with this survey.
